SANY HEAVY INDUSTRY INDIA PVT LTD
PRODUCT APPRECIATION LETTER

We are pleased to certify that we are using substantial quantity of various types of 'Eetamax' brand Energy efficient LED fittings like Highbays, Highmast lights (Floodlights), Streetlights, Office lights, Canopy lights etc. in our manufacturing facility for construction equipment machinery in Pune.

Our finished product is heavy machinery which requires final inspection to be done in outdoor areas. These outdoor areas requires higher lux levels where Eetamax has suggested their Highmast lights & proved their lux level claims also.

By using Eetamax fittings in sand blasting booths, now we are free from maintenance & lux level related issues. We were facing lot of problems related with failure in our old LED Highbays of other make. Eetamax has also supported in retrofitting them with reliable solution.

We are very satisfied with the product performance, Light quality, timely deliveries & Technical design support by Eetamax Team.
