PRODUCT PERFORMANCE LETTER

We are pleased to certify that we are using various types of 'Eetamax' brand Energy efficient LED lighting fittings in our Pune, Vadodara plant.

We have installed various types of Eetamax LED lights like Highbays, streetlights, Paint booth lights, lights for shot blasting booths, Floodlights, office lights, Wellglass etc. @ 400 Nos which are still working comfortably since last 5 years.

Earlier we have used some another brand lighting products but observed lot of failure related issues for which also Eetamax has supported us & resolved the failure problem.

The light quality of Eetamax products is good & lux level is also maintained.

'Eetamax' brand fittings are maintenance free as compared to other LED fittings which we have tried.

Eetamax has a very good response mechanism /team to respond for technical queries.

All the best to Team Eetamax!

Thanks and regards

Deepak Marathe
